## OPT Employment Reminders

- OPT authorizes employment/practical training that is **related to your major area of study**. OPT does **NOT** authorize employment unrelated to your major area of study.
- If you work in a job unrelated to your major area of study, you are in violation of your F-1 status. Immigration and Customs Enforcement can terminate a student's F-1 SEVIS record if a student works in a position unrelated to their studies. A terminated SEVIS record cancels OPT authorization and invalidates F-1 status in the U.S.
- A minimum of 20 hours of OPT activity per week is required to maintain F-1 OPT status.
- It is your responsibility to evaluate how a job relates to your major area of study. ISS advisers CANNOT review job descriptions to assess if they are related to your studies. ISS advisers will update your SEVIS record with the job information you provide in this webform.
- You are required to submit a report to ISS within 10 days of a change in employment.
- If you are also completing a position, please submit an end of employment report as well as this new employment report.
